### AGREEMENT ON COPYRIGHT

Japan Atomic Energy Agency (JAEA) will publish the proceedings of ICNC2023 as JAEA-Conf report, which includes submitted full papers, after approximately one year of the conference. The proceedings will be disseminated through internet and NEA Databank computer program services. This copyright agreement is required for this procedure to preserve the knowledge and shared information of the conference.

Certain rights under copyright to the paper (ID# \_\_\_\_\_ **2)** submitted with the title (title) \_\_\_\_\_ **3)** by (primary author) \_\_\_\_\_ **4)** (the "Assignor") are assigned to the JAEA, the organizer of ICNC 2023, effective when the paper ("work") is accepted for presentation or publication by JAEA, and secured by JAEA registration of publication collective works of which this paper will be a part.

The Assignor (author or authors) warrants that they have full right to make this Agreement and that their work does not violate the rights of other persons nor infringe upon any existing copyrighted work. If copyrighted material of a third party is included, the Assignor agrees that they will obtain the required permission for its reuse.

The Assignor retains the right to reproduce this paper for their own use; for such use, the meeting proceedings must be credited as the original publication. The Assignor keeps the right to prepare derivative works for future publications that occur after the meeting proceedings is published.

The Assignor also retains the right to grant to third parties permission to republish all or part of the work, provided written permission also is given by JAEA. Proprietary rights other than copyrights, such as patent rights, also are retained by the Assignor. If the Assignor is acting for other authors, their rights are retained or transferred in the same manner under this Agreement.

The above-identified work is accepted for publication in the proceedings of the 12<sup>th</sup> International Conference on Nuclear Criticality Safety 2023 (ICNC2023). Please check one item of your acceptance among three items as follows:
